INTRODUCTION

HIGH VALUE D-RGB GAMING CHASSIS

The Eclipse G360A is designed with exceptional fan and radiator options to meet the cooling demands of modern hardware. The metal front panel features Phanteks' Ultra-fine Performance Mesh design that combines high airflow performance with dust filtration, an all-in-one. With its high-performance design, the G360A is ready for powerful gaming setups, offering 360 radiator options on the top and front while having plenty of space for full-length GPUs, multiple HDD and SSD locations, and it is ready for vertical GPU mounting (Vertical GPU bracket with riser cable sold seperately).

Like all Phanteks lighting products, the integrated D-RGB lighting is simple to control with pre-programmed lighting effects and requires no software when synchronizing with compatible motherboards and expanding with more D-RGB products.

ECLIPSE G360A (SATIN BLACK)

Model No:	PH-EC360ATG_DBK02
UPC code:	886523302513
MSRP:	$99.99 / €99.90 / £84.90

ECLIPSE G360A (MATTE WHITE)

POSITIONING

ECLIPSE SERIES

The new Eclipse G360A replace the Eclipse P360A in the Eclipse series line-up. The G360A is equipped with several new features and a completely new look in comparison to the previous P360A. See the next page for a complete comparison between the old P360A model against the new G360A model.

With a retail price of $99.99 / €99.90 / £84.90 for both the Eclipse G360A Black and White model it is a high value ATX chassis for everyone.

G360A VS P360A

The new Eclipse G360A has been significantly enhanced to extend cooling capacity, make building easier, improve the overall user experience and modernise the aesthetics.

overall cooling capacity increased to up to 7x 120mm fans while retaining the original size

3x 120 mm D-RGB fans included (P360A got 2 fans included)

space for a 360 radiator in the front or in the top (not simultaneously)

Updated overall aesthetics with completely redesigned front and top panel. The view through the mesh front panel has been cleared up for better appearance and clear D-RGB fan view.

radiator/fan bracket in the front allows for easy installation. There is enough clearance (31mm) to install the fans or radiator in front of the chassis.

flexible HDD brackets positioning to either enable 360 radiator in the front or create more space for the PSU

because there is enough space to install either the fans or the radiator in front of the chassis now, more clearance is available for the GPU

improved PSU intake

UNIQUE SELLING POINTS

High performance design

Equipped with the **Ultra-fine Mesh** front panel, the G360 was designed to meet next gen cooling demands. It brings high-end cooling capabilities with **360 radiator support in the front and top** of the chassis, **7 fan locations** and plenty of clearance for large GPUs.

Great value yet capable

The Eclipse Series from Phanteks is known for offering a great value across its lineup. The G360A brings unique capabilities and features **to house the most high-end gaming systems** in a compact ATX mid-tower chassis.

Integrated lighting

Equipped with its **own Digital-RGB controller,** the Eclipse G360A makes lighting easy. It's software-free with manual control and programmed with tasteful lighting effects out of the box. **Three Digital-RGB 120mm fans are pre-installed** and a LED strip is integrated along the tempered glass panel. Like all of Phanteks' lighting products, the Digital-RGB controller can be expanded with more lighting products and/or synced with motherboards to allow for software control.

space for a 360 radiator in the front or in the top (not simultaneously)

overall cooling capacity increased to up to 7x 120mm fans while retaining the original size

integrated D-RGB controller with integrated lighting

SPECIFICATIONS

ECLIPSE G360A BLACK/WHITE *(PH-EC360ATG_DBK02, PH-EC360ATG_DMW02)*

Case Dimension (DxWxH)	455 x 200 x 465 mm / 17.9 x 7.87 x 18.3 in
Form Factor	Mid Tower
Materials	Steel Chassis, Tempered Glass
Motherboard Support	ATX, micro-ATX, mini-ITX, E-ATX (up to 280mm wide)
Front IO	2x USB 3.0 D-RGB Color button D-RGB Mode button Power button Microphone/headphone
Connectors	Power Switch USB 3.0 HD-Audio D-RGB expansion D-RGB third-party D-RGB Motherboard SATA Power
Side Panels	Tempered Glass
PCI Slots	7
Internal 3.5" bay	2 (2x included)
Internal 2.5" bay	3 (2x included)
Vertical GPU support	Yes, with optional bracket PH-VGPUKT4.0_03
Front Fan	3 x 120 mm / 2 x 140 mm (3 x 120 mm included)
Top Fan	3 x 120 mm / 2 x 140 mm
Rear Fan	1 x 120 mm
Front Radiator	up to 360 / up to 280
Top Radiator	up to 360
Rear Radiator	120

GPU Length	400 mm / 15.7 in
CPU Cooler Height	162 mm / 6.3 in
Cable Management	36 mm / 1.4 in
PSU Length	220 mm / 280 mm (depends on HDD Cage location)
Front panel fan thickness	30 mm for fan or radiator
Front 360 Radiator	122 x 398 x 65 mm
Front 280 Radiator	142 x 330 mm
Top 360 Radiator	122 x 398 mm with 42 mm RAM height clearance
Package Dimension	513 x 282 x 531 mm / 20.2 x 11.1 x 20.9 in
Net Weight	6.7 kg / 14.8 lbs
Gross Weight	7.9 kg / 17.4 lbs
Warranty	5 Years Limited
Scope of delivery	Eclipse G360A Chassis • 2x SSD bracket • 2x HDD bracket • 3x 120 mm D-RGB fan Accessory Bag/Box • 6x Zip ties • 22x MB/SSD Screw • 4x PSU Screw • 1x Stand-off • 2x HDD locking screw
